

Rod network belts TRANSFER MEDIA

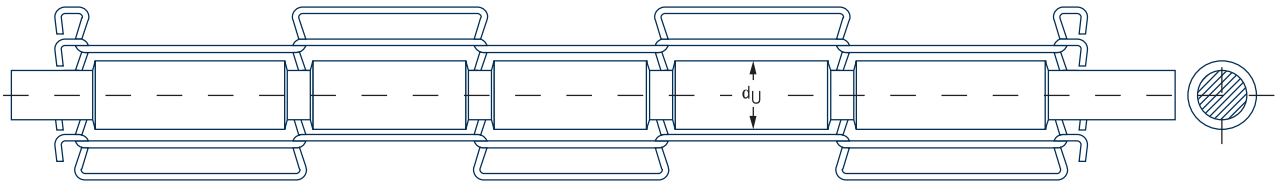

Transfer roller

with recesses for accommodating the mesh bends for:

- Auxiliary guidance
- Preventing wire abrasion

Material: steel, stainless steel
 d_U = Shaft-Ø / Transfer roller / mm

Plastic nose bars

As an alternative to a shaft made of steel or stainless, we also supply plastic nose bars.

Recesses are not required.
 The plastic nose bars reduce belt wear to a minimum.

Material:
Section:
 low-pressure polyethylene, white,
 foodstuff-proof

Fastening rails:
 stainless steel

Standard delivery length:
 2,000 mm
